

## Dock Scheduling Software - Pricing

| number of docks \ license period | 30-days                                                     | 3 months   | 6 months   | year       |
|----------------------------------|-------------------------------------------------------------|------------|------------|------------|
| 1 dock                           | free                                                        | \$79 / mo  | \$75 / mo  | \$69 / mo  |
| 2 - 3 docks                      | free                                                        | \$99 / mo  | \$95 / mo  | \$89 / mo  |
| 4 - 8 docks                      | free                                                        | \$129 / mo | \$125 / mo | \$119 / mo |
| 9 - 14 docks                     | free                                                        | \$155 / mo | \$149 / mo | \$145 / mo |
| 15 - 20 docks                    | free                                                        | \$189 / mo | \$185 / mo | \$179 / mo |
| 21+ docks                        | for every dock over 20, you'll pay an extra \$10 each month |            |            |            |

### ***The prices includes***

- *license for a specified number of docks (e.g., if you have 6 docks, you will pay a total of \$1428 per year with an annual license),*
- *license for an unlimited number of users and unlimited devices,*
- *maintenance (hosting, updates),*
- *support (response time up to 72h) – for an additional fee we offer a 48h or 24h response time,*
- *unlimited onboarding consultations*

\* Prices are given per month in USD

\* Payment is made "in advance" for the entire license period

\* After the license period, you can cancel without any additional fees

\* If you have 21 or more docks: each dock over 20 is an additional cost of \$10 (regardless of the period)

\* The 30-days free access is a one-time offer (TRIAL)
